4. Explanation of footnotes and comments

- (1) Refer to the following pages for approved commercial products.
- (2) At outside temperatures below 0°C, the warm-up provisions described in the manual must be observed.
- (3) Oil and filter change required, depending on what occurs first. Use only ZF original filter elements.

Additives of any kind added **later** to the oil change the oil in a manner that is unpredictable, and they are therefore not permitted. No liability of any kind will be accepted by ZF for any damage resulting from the use of such additives.
