

ZF Aftermarket

Data Privacy Statement

Protecting your personal data is very important to us. We would like to take this opportunity to inform you of the following data protection principles, which ZF has committed itself to adhere to with respect to a collaboration based on mutual trust and in accordance with the German Data Protection Act:

Data utilization of the ZF [pro]Tech system – hereinafter referred to as Portal

We process and use your personal data in our Portal exclusively for the purposes required to ensure the effective and correct utilization of the partner area and its applications in the Portal.

We will therefore treat your details pursuant to strict internal provisions concerning the protection of personal data. Data that is not imperative for the effective utilization of the partner area and its applications are designated as such and can be made available on a voluntary basis.

After expiration of Portal utilization, we save your data for retention periods as determined by statutory legislation imposed upon us. After expiration of this time period, all data is automatically deleted from our database.

We reserve the right to also make the data required for Portal applications available to other areas in the Group so it can be utilized for statistical purposes. Your data will not be disclosed to other companies outside of the ZF Group.

Handling of data/prohibition of data use

By entering your personal data, you grant us permission to store your data for the above-mentioned purpose. You can withdraw this permission at any time. However, this also means that we cannot maintain availability of the Portal and its applications.

Secure handling of personal data

When transmitting your data to ZF, it is automatically encoded. The protection of your data in the Portal application is ensured through access and an authorization concept that are password-protected. We verify the effectiveness of the measures at regular intervals.

Enforcement of and adherence to these data privacy statements

ZF commits itself to adhering to the abovementioned items in terms of data protection as described.

Should you have questions or suggestions regarding data protection/privacy in our company, please feel free to send an email to protech.zf-aftermarket@zf.com.
